Treatments explained

Seasonal Treatments

Five seasonal visits consisting of 10 treatments to help create a green, weed-free lawn.

Soil Improver

Start unlocking the soil's potential with annual aeration or our Soil Improver treatment.

Soil Enrichment

Our 100% natural treatments will improve the soil's physical properties and microbial activity, encouraging healthier roots and shoots.

Let The Lawn Breathe

Aeration, be it solid or hollow tine, benefits air, water flow and root development.

Lawn Refresh

Scarification aids thatch removal, when combined with over-seeding it will refresh colour and texture.

Verti-Groom

Ideal for fine luxury lawns, grooming surface sward and managing creeping grasses with minimal visual disturbance for fast recovery time. Aids annual weed control.

Water Solution

Maximises rain and water penetration for summer months. Ideal for watered and non-watered lawns.

Recovery Tonic

Greens up the grass plant and aids Red Thread disease recovery. Ideal for an event.
